1. Welcome

Dear Incoming TU Student:

Welcome to the University of Tulsa Graduate Department of Psychology! We hope your summer is going well. This packet is provided by GRASP, the GRaduate Association for Students of Psychology at the University of Tulsa. All psychology graduate students, both I/O and Clinical, automatically become members of GRASP upon admission into the program. We are a student-run organization that advocates and addresses the various needs of graduate psychology students.

With this goal in mind, the officers of GRASP put together this packet in order to help ease your transition into graduate school. This 'Welcome Wagon' packet should hopefully provide some useful information and direction. However, please keep in mind that this packet is merely intended to provide helpful suggestions – it is by no means meant to replace or supersede information provided by the official TU Department of Psychology correspondence.

Each of you will be paired with an advanced student within your program who will serve as a mentor. He or she will be available to answer any questions and address any issues that may arise. Your mentor will contact you soon. Please email rachel-micol@utulsa.edu and provide a phone number/e-mail address where you can be reached so your mentor can get in touch with you.

An orientation for **ALL GRADUATE PSYCHOLOGY STUDENTS** has been scheduled for **Friday, August 21, 2015 at 9AM in Lorton Hall Room 207**. If you have any questions about orientation, contact the graduate secretary, Dani Veit Muehlberg at 918-631-2894 or by email at dani-muehlberg@utulsa.edu. We are excited to meet you. Enjoy your summer, and we will see you this August.

Sincerely,

GRASP Officers for **2015 - 2016**

2. GRASP Mission Statement

To promote a spirit of cooperation and cohesion – and not one of competition – between graduate students; to provide meaningful opportunities for both professional and personal growth; and to foster collaborative relationships between psychology faculty and students.

3. Tulsa

Information about Tulsa can be found at <http://www.urbantulsa.com>. This website contains information about the area, restaurants, movie theaters, entertainment, and articles about local politics and issues. The Tulsa Food Blog (www.tulsafood.com) also provides recommendations for fun places to eat in the city.

3.1 Map of Tulsa

You can also obtain comprehensive maps of Tulsa from the Tulsa Chamber of Commerce – (918) 585-1201 – <http://visittulsa.com/general/53/maps>

3.2 Apartment/Housing Information

We have put together a list of apartments that past students have resided in or are currently residing in. We have included the location, estimated monthly rent, and students' comments. Keep in mind that some of these reviews are several years old and estimates of monthly rent may vary. Also there are many more apartments in Tulsa that do not appear on our list. The classified section of the Tulsa World (www.tulsaworld.com) and the Apartment Guide (www.apartmentguide.com) are also good resources. If you are looking to rent a house, we've found that the best way is to look in the Tulsa World, or just drive around. Although they can be found all over town, there are many bungalows right around school and the fairgrounds, as well as in the area of 31st to 41st between Peoria and Riverside. Another option might be to contact local realtors, as many also rent houses and townhouses.

New students might call or visit a local police station for names of apartment complexes and neighborhoods that they would not recommend vs. areas that they would recommend. (Also, consider whether you will be living alone or with a roommate/spouse when choosing a residence.) Another helpful website is apartmentratings.com, where one can view apartment ratings from prior and current residents.

APARTMENT	LOCATION	STUDENT COMMENTS
Own home <i>recommended</i>	26 th & Harvard	3BR/1BA home 10-15 min from T.U. \$850 mortgage. AEP=\$45; ONG = \$100, City of Tulsa \$45. Huge fenced backyard, central air hardwoods, covered parking. Residential with old and residents, great midtown location, easy access to other areas in Tulsa, for the most part friendly neighbors. Great first home...many homes for sale and rent in this area.
Own Home <i>Highly Recommended</i>	Owasso	3BR/2BA home approximately 20-25 minutes from T.U. Approx. 1400 square ft. \$960/mo mortgage. Estimated utilities \$150 (gas, electric, sewage). Community pool, two small lakes, walking paths, and disk golf course. Friendly neighborhood with low crime rates. Large fenced backyard, 2 car garage, and walk-in closets in each bedroom. Stainless appliances, granite countertops, and central heating and air. Very happy with decision to buy, especially with a kid and 2 dogs! Important to note that this was done with partner's income*. There are many homes for purchase and rent in Owasso – a suburb of Tulsa. The drive is not bad, and it creates a nice distance from the fast pace of grad school! You get a lot more for your money outside of the city!
Rental Home	26 th & Harvard	3 BR/1 BA & \$850/month w/no utilities included. Large 9' fenced yard, garage, AC, hardwood throughout, attic storage. Very safe area, most people have pets. Realtor is quick but reluctant on some repairs. Drawbacks: kids often walk through corner of yard & bills are a little high for one person.
(No name) <i>Highly recommended</i>	8 th & Harvard	1 BR/ 1 BA duplex 3 min to T.U. \$550/mon (no utilities included), Power: \$50-\$100; Gas: \$50-\$150; Water/trash: \$40. Pets w/\$150 deposit. Med sized fenced yard, central air, hardwood floors throughout, W/D hookup, nice neighborhood. Residential. Students, young families, couples, singles all live in the neighborhood. Very quiet neighborhood with 1930's houses & fenced backyards. Safe, I've had no break ins as well). Owner responsive to repair needs. Owner takes care of the yard work. The house has spacious open house plan and textured walls with character. The house has been recently renovated. There is a garage storage area but no room for my car. Closet space in the house is small so you have to be creative with storage ideas. Gas bill was unexpectedly high this winter, windows and floors were drafty, so the bill was high but I was still cold. This house is a duplex as are many in the neighborhood. So as long as you have a quiet neighbor, life is pretty peaceful. Would highly recommend. These bills are a bit much to manage for one person, but I love living so near campus and living on my own. I like having a yard to have a cook out in (when there's not a burn ban) and to grow things in.
(No Name)	15 th and Baltimore	LARGE 2 bedroom apartments (plus living room, dining room, 1 bathroom, small kitchen) \$495/month, no utilities included. [avg. utility/month = \$100] Lots of charm -- not new apartments, but great, hardwood floors, arched doorways, etc. great condition. Bonuses: price, charm, location (less than 3 miles from school, next to Cherry street.) Not so good: no dishwasher, no cent. heat/air (although comes w/ heat & air units that keep the apartments at good temps without costing a bunch), no laundry facilities. 8 apartments in the building -- younger crowd. Landlords live out of town and only like to rent to those recommended by a current tenant.
(No Name) <i>recommended</i>	15 th & Utica	1 bedroom apartments in Cherry street area. (1 bath, \$525/mon). Pets allowed with \$200/per pet, average bills/month = \$100. Hardwood floors, updated bath and appliances. 5 min to T.U. No problems, would recommend.
(No Name) <i>recommended</i>	31 st & Harvard	Owned home (typical of this area). Built 1951, 3BR/1BA, 10 min to T.U. Really nice neighbors and neighborhood. Many homes for sale or rent in this area.
Baltimore Arms <i>Highly recommended</i>	17 th and Baltimore	Studio/efficiency. Apartments are newly renovated & very nice. I believe that the one-bedrooms have wash/dry hookups. Laundry room in the basement. Highly recommended.
Brighton Park <i>Safety concerns</i>	51 st & Yale	Apartments; next to YMCA, across from LaFortune Park. OK safety (can get scary), Apartments up street are sketchy. 650 sq/ft, garbage disposal, dishwasher (very basic apt.) Rent = \$350 (includes WST); Power: \$11 - \$65. Pets (large dogs allowed, \$300 deposit) Takes 10-15 min to get to T.U. (on the highway). Really good apartment for what you pay= good for poor grad students. Borderline ghetto, not exactly safe. Lots of section 8 housing nearby. The crime in the area is increasing. Would not recommended for those who worry about their safety.

<p>Brittany Square <i>recommended with some reservations</i></p>	<p>51st between Lewis and Harvard</p>	<p>It was decent, quiet, and felt quite safe. The drive to campus took between 10 and 20 minutes, depending on time of day. The staff was OK – not incredibly responsive, but a far sight better than most of the horror stories I have heard. Anything seriously wrong got fixed pretty quick, more minor issues took some prodding. Left because they raised the rates for a one-bedroom over \$600 and at the time we found a rental house for under \$700 (which I am sure is more now too). It would appear though, from looking at their website (http://www.equityapartments.com/market/brochure.) that either rent has gone down, or they are including a bunch of fees after the fact, because it is listed as \$515. Utilities were pretty high because the insulation was bad. They do allow pets for an additional deposit and monthly fee.</p>
<p>Canyon Creek <i>Loud neighbors</i></p>	<p>51st and Lewis</p>	<p>10-15 minute drive to TU. 1 Bedrooms for \$350/month. Central air. Location close to highway, restaurants. Experienced very loud neighbors.</p>
<p>Cimarron Apartments <i>recommended</i></p>	<p>near the corner of 129th and 31st</p>	<p>Close to Rte 169, so it's only about a 15-minute drive to school, about 11 miles. One-bedroom for \$359/mo, (750 square feet). Generally pretty quiet. The maintenance people are very quick to fix anything that might go wrong, although I've only ever had one problem, a leak in the kitchen sink. You can sign a 3-mo, 6-mo, or 12-mo lease. There is not much storage space.</p>
<p>Cobblestone Apartments <i>Questionable location & loud</i></p>	<p>51st and memorial</p>	<p>15-20 minute drive to school. 1 Bedroom apartments for \$379/month. Apartments have central air. Location questionable can often be loud.</p>
<p>Coppermill Apartments <i>Definitely <u>not</u> recommended</i></p>	<p>71st b/w Yale & Sheridan</p>	<p>1 BR apartment. Free tanning and movie rentals, 3% student discount, fitness center, tennis courts, sand volleyball courts, pool w/Jacuzzi, lots of storage, 24 hr laundry center. On 71st, which is where a lot of shopping, restaurants, etc. are, but away from the chaos in the Memorial/Mingo area. Lots of loud cars, music, and thin walls don't help. Lots of young people and a few families. Pets allowed with deposit; no weight limit. Most people have pets, and they rarely clean up after them. Rent: \$390 (no utilities included); Electric: \$60-\$70; Water: \$15; Phone: \$20-\$25; Gas: \$50. Approx. 20 min. to T.U. <i>I had a really bad experience at this place. I am a single female, with no pets, and once I told a cop that I lived at Coppermill, and he was asking me if I had a guard dog. Not a good sign. Spoke with another resident who said there was a drug deal going down in the parking lot and she called the police. The next day, the management called her in and told her if she called the police again, she would be evicted. I had a scary stalker guy sitting outside of my door often, and there were two sexual assaults on the property while I was there. I spoke with the management about the stalker, and they didn't do anything, and when I decided to move (to Creekwood) they made me pay a huge fee, even though it was because of safety reasons. Before you move anywhere, go to tulsapolice.org/mapcentral.html. This site has a crime map of Tulsa, and you can see what crimes have happened and where for the past couple of years. Also, check out apartmentratings.com. It's also helpful to go by the police station or give them a call just to see what they think about the area where you want to move. They are very helpful and have insight you can't get from visiting the property. I did this the second time around and have had a much better experience because of it.</i></p>

<p>Coppermill Apartments <i><u>Not</u> recommended for single females</i></p>	<p>71st b/w Yale & Sheridan</p>	<p>1 BR/1BA apartment. 20 – 25 min to T.U. Fitness center, laundry center, pools, DVD rental, tanning. \$350/mon (no utilities included), Power: approx. \$100; Gas: approx. \$50; water: approx. \$15. Near shopping, dining, etc. on 71st; lots of apartment complexes in the area; mostly young singles; a few families. Loud neighbors, thin walls; drug problems, etc.; lots of car break-ins; I am a single female and had a strange stalker-type guy who hung around near my apt.; I do not feel it was a safe complex. Would not recommend, especially for single females.</p>
<p>Creekwood <i>recommended</i></p>	<p>84th & Memorial</p>	<p>Rent about \$500 to \$600 for a spacious one bedroom with a sunroom that we used for our computer room. It's not very modern but it comes with a washer and dryer and, disposal, and dishwasher. The bathrooms and bedrooms are big and have a walk-in closet. The best thing about the apartment is the storage space. If on the second floor, vaulted ceilings and a fireplace with built in bookshelves. Cons: not gated, twenty years old, over 600 units (maintenance isn't always prompt but they will be there). The fitness center is mediocre at best but there are two swimming pools and a business center. All in all: B+ rating. Perfect for the two years. The area is awesome, great access to all major highways, mall, movies, and restaurants.</p>

<p>Creekwood <i>Definitely recommended</i></p>	<p>84th & Memorial</p>	<p>1 BR/1 BA for about \$450-\$500 with no utilities included. Electric: \$50-\$100. Water: \$10-\$20; Phone: \$30; No gas. Fireplace, washer/dryer in every unit, indoor and outdoor pools, tennis courts, basketball courts, fitness center, covered parking, free movie rental, HUGE closets (and lots of them), for each floorplan, you can choose whether you want a balcony/patio or an extra room they call a sunroom. pets allowed up to 25 lbs w/deposit (\$300) (they also have vacation service where they will feed and take care of your pet while you're gone) Just off Memorial, which is pretty busy, but the complex is off the road and has lots of tress, grass, and a creek, so it doesn't feel like you live in the middle of the city. Lots of variety in the people who live there, because they have townhouses as well. Apartments have mostly young people (20 somethings) and townhouses have young families mostly, with the occasional elderly person. Pretty quiet, I've only heard my neighbor's music once or twice and haven't had any other disruptions as far as that goes. Very safe, you can install your own alarm or they have some for rent. Approx. 20 min to T.U. Office staff very friendly; they have a 48 hour maintenance guarantee, meaning you get a rent discount if they take longer than 48 hours to fix something (unless they have to order parts). I've never waited more than 24 hours for the two maintenance requests that I've put in.</p>

---	---------------------------------------	--

<p>Creekwood <i>Highly recommended</i></p>	<p>84th & Memorial</p>	<p>1BR/1.5BA Townhome 20 – 30 min to T.U. Spacious floor plan with lots of storage (1200 sq ft); Security Alarms; Fireplace; Washers/Dryers in unit; Reserved covered parking, large patio with secure outdoor storage, skylights, whirlpool tub, new carpet; 3 pools; 2 24 hour fitness centers; game room. \$700/mon (no utilities included), Power: approx. \$150; Water/trash: approx. \$25. south Tulsa apartment complex with 1/2/3 BR apts. And townhouses; townhouses have lots of young couples; apartments mainly young singles; lots of neighborhoods and amenities nearby; Memorial is very busy, but the complex has a creek and lots of trees and wooded areas, so you aren't really bothered by traffic, etc., but are still close to shopping, restaurants, etc. Had neighbors who were very loud, but management took care of it as soon as I let them know. Occasional maintenance issues, but all have been resolved within 48 hours. Highly recommended; apartments are a little cheaper and a great value for the area (\$480 for 830 sq ft 1 BR); lots of different floor plans to choose from</p>
<p>Crown Woods <i>recommended</i></p>	<p>91st & Riverside</p>	<p>1BR/1BA Rent \$595/mo with no utilities included. Power: \$40-\$100; Water: \$10. Central air, wireless internet included, balcony/patio, fireplace. (pets up to 20lbs w/\$300 deposit) They do have 2 bed apartments, I think they run around \$800/mo. Gated apartment, generally safe however my car has been broken into once. They tried to take my stereo but couldn't get it out. Also, be aware of little insulation leading to higher bills. Others have had pipes break in the winter freeze, and they were responsible for damage. We have renter's insurance, I'd recommend it: \$220/year. Exercise room-small but good. Pool- nice, does get crowded, lots of ORU students live here, a few middle aged adults, and several young couples. Once per month, apartment has a "mixer" w/ free food and drinks including beer. Once per year this party has a wine theme where they bring in wine & cheese & such. Good w/repairs in general. There was a 6-8 month period where the internet was consistently down, but it seems fixed now. Pets 1 yr or older, but no puppies or kittens (they are not flexible on that). The internet is nice but other places with similar prices give you a washer and dryer instead of the internet, so that may be a consideration. These apartments do have hook ups for washers and dryers and a community laundry room in the clubhouse. I think it is 75 cents per load per machine. 20 minutes to T.U.</p>
<p>Deerfield Estates</p>	<p>91st & Delaware</p>	<p>For a two bedroom, 1 bath we paid \$595 a month. They have a pool, a workout room, and a computer lab with 2 computers that can be used by the residents. The insides were really nice. The kitchen had oak cabinets and was huge. The bathroom was also very big with heat lamps and the closets were big. It was very accessible as it was located right by the Creek turnpike and a couple of miles from 75. The staff was very friendly and helpful if you needed anything. If you had to call maintenance (we only used them once) they were out that day. I highly recommend this apartment complex if someone is looking to live in South Tulsa.</p>
<p>El Dorado Apartments (Management is a friend of the faculty- no review yet)</p>	<p>31st and Harvard</p>	<p>1 BR or 2 BR (varies by floor plan but utilities included – call 743- 5973. 5 minutes to TU. No washer or dryer hookup in apt but there is a laundromat on grounds. Very quiet and safe building with no or few students. Maintenance very good. Pool on premises.</p>
<p>Fox Fire <i>recommended , but with safety concerns</i></p>	<p>71st & Lewis (on South Wheeling Ave)</p>	<p>1 BR, 1 Bath apartment. Pool, air, dishwasher, some paid utilities, laundry facility. Pets under 25 lbs are allowed with deposit. Rent is approx. \$379; electric: \$33-\$90 (depends on season). I would call it unsafe. Lots of open space for pets to run. If you are looking for cheap; this place is fine. But, you will lose a sense of safety (cheap apt. = some sketchy renters). 15-20 min to T.U.</p>
<p>Galleria Apartments</p>	<p>101st & Sheridan</p>	<p>1 BR/1 BA \$525/month, includes cable. 2 pools, elevators, balconies & patios, washer/dryer hookups (may rent washer & dryer for \$35/month). Doorside trash pickup 2x/week. Parking can be a problem. Can have pets with deposit, staff considers dog breed, height, etc – not absolutes. Mix of older, younger, and family residents. Very friendly staff that will drop packages off inside your apt. if you can't pick up during office hours. Area with lots of development happening and nearby shopping, restaurants, etc. 25-30 minutes to TU (highway). Power: \$50-\$100, Water/trash \$15.</p>
<p>Greenbrier Apartments</p>	<p>61st and Lewis</p>	<p>I have a good amount of space, I only have to pay \$630 a month, my neighbors are friendly, the leasing office is super helpful and friendly, and it's pretty quiet at night. There are a bunch of grocery stores nearby, Walmart, CVS, Target, Sam's Club, Pet Smart, Michaels, and several other places to eat. I love that hiking trails are nearby, too! Oh we also have a pool! And dog friendly!</p>

		I don't like that every now and then I get caught up on random construction work but it tends to clear up within a few days.
Greenbrier Apartments	61 st and Lewis	One bed/one bathroom at 670 sq feet - around \$640-670 depending on promo stuff... It's very clean, has a nice pool and good managers. They are dog friendly. Easy access to highway. The units do have washer and dryers but make sure you ask. No fitness center, no carports. You can use a credit card to pay, but there is a \$29 fee to do that. Overall they are very nice.
Harvard Terrace <i>recommended</i>	25 th and Harvard	2 bedroom 800+ sq ft apartment at Harvard terrace. It had 13 windows, washer drier hookups, it was very clean, no bugs, quiet and about \$525/month. Takes about 3 minutes to get to campus. Management very friendly, + community Laundromat.
The Lakes <i>Car break-in</i>	81 st and Riverside	20 minute drive to school - nice neighborhood, right next to Wal-Mart - W/D hook-up - 1/1 (\$450/mo.) - my car was broken into, but not usually a bad neighborhood.
Lincoln on Memorial <i>recommended</i>	71 st & Memorial	Large completely gated apartment complex with pool, hot tub and workout facility. (1 bedroom, 1 bath, \$565/mon, \$300 pet deposit (\$150 refundable), average bills = Electric \$30-55; Gas \$30-\$65; Water/Trash \$3-5) Located in South Tulsa near Shopping and Restaurants. Complex is fairly quiet but the people are young. The Drive to TU can be a bit long during high traffic times but it is a great area to live in otherwise. Nice apartments and a good community. Very Safe Complex, entrance to gate requires card or telephone access. Repairs are typically completed within 24hours. Complex is fairly new. A few employees in the front office are a little less than friendly but they get the job done. Pet policy states no dogs over 20lbs but there are several that are much larger so they will accept larger pet, you just have to fight for it. Yes, would recommend.
Lincoln on Memorial Safe, <i>recommended</i>	71 st & Memorial	1 BR/1 BA. \$550/mon (no utilities included), Power:\$35-\$100; Gas: \$35-\$100; Water: \$10, Pets ok, Gated community, fireplace, & workout room, Quiet, mostly working professionals. Safe, many people have pets, VERY nice apts. I have not heard of any break-ins in the 2 years I have lived here. Maintenance people usually come out the day you put in a request. This is a really nice apt., especially for single females looking for a secure place to live. Also, you are close to most stores & restaurants in Tulsa.
Mahan Properties	W. Fulton Street, Broken Arrow	3 BR/2 BA \$675/month, no utilities included. Fenced yard (you maintain), covered patio, AC/fireplace, 2-car garage. Safe neighborhood, quiet, landlord quick. Lots of nearby amenities. Can sometimes hear neighbors. Great if you need room for more than one person & don't mind a drive to school. Great for families or pets.
Mahan Properties	W. Fulton Street, Broken Arrow	3 BR/2 BA \$650/month, no utilities included. Fenced yard, 2-car garage, central heat & air, walk-in closets. Large storage room upstairs. Safe neighborhood, quiet, landlord quick. Lots of nearby amenities. Safe & quiet neighborhood, pets accepted.
The Mansions at Riverside	Between 91st and 101st on Riverside	About 20 minutes from campus. One bedroom \$520/month includes security alarm. Huge closets, gated community and grocery shopping 1/2 mile away. It also includes washer and dryer. It is mostly families and young couples that live in the complex. I feel very safe and the management is generally very helpful.

<p>The Mansions at Riverside</p> <p><i>recommended</i> <i>Little far from T.U.</i></p>	<p>97th & Riverside (way south)</p>	<p>1BR/1BA (large unit 800sq/ft; smaller one is cheaper). \$580/mo- no utilities included. 5% student discount and sometimes have specials. Power: \$50-\$60; Water: \$5-\$10; Free trash pickup (rest of bills are optional; cable etc.) 9-foot ceilings with crown molding, a built-in computer desk, roomy kitchen, washer and dryer included in apartment, pool and gym access. lots of young people (20's-30's) and young families, but I seem to see more high school and college-age kids around lately for some reason...great neighborhood area with restaurants, a Starbucks, and shopping center with a Wal-Mart market nearby. Downside: 25-30 minutes to get to TU. (straight up Riverside or 21st to Hwy 169 (there's an exit at Riverside, but with a 30-cent toll each way) Management isn't always on top of things, but the maintenance crew is pretty good...haven't had any major problems or complaints.</p>
<p>Mapleridge</p> <p><i>recommended</i> <i>great location</i></p>	<p>17th & Peoria (condos)</p>	<p>1BR/1BA condo \$475 w/all bills paid (this varies by owner). Locking pedestrian gate: swimming pool. 10 min to T. U. Middle aged and older folks, some with kids--so it can get loud, but not at night. Some neighbors are just tolerably better than "sketchy," but none are dangerous. There have been some parking lot breakins, but the apartments themselves are quite secure. Not a bad neighborhood at all, just typical "apartment complex goofiness." Places are nice, and are individually owned, so rates and landlords vary. The air is totally centralized, which means that in April you need a fan until they turn on the AC. Air is full on or none. However, the location (near Brookside, Cherry Street and Downtown hangouts, and school) may make the places here more appealing.</p>
<p>The Overlook</p> <p><i>recommended</i></p>	<p>61st & W. 33rd Ave (west of river)</p>	<p>1BR/1BA apartment 1 block from I-75&I-44. 15 min. from T.U. \$393/mo with 14 mon contract (normally \$440 /month) Power: \$40-\$100, Water: \$10-\$15. Washer/dryer included, fireplace, screened patio, large storage closet on patio, 2 closets in BR, large bathroom cabinets; pool & weightroom (not all that impressive though) South = nice neighborhoods, West= little rundown. Feels safe, though doesn't look that great. People in complex mostly older; quiet & nice. Front office staff are ditzzy, but maintenance is nice and quick. Have handicap apartment, so is larger. 71st St exit from I=75 is under construction, so there are some annoying detours to get to 71st St right now. Small apartment (650sq/ft), but cheap and comes with washer/dryer and allows pets. Problems fixed quick.</p>
<p>Remington at Memorial</p> <p><i>Recommended – pet friendly</i></p>	<p>81st & Memorial</p>	<p>1BR/1BA apartment. Rent \$650. 20 min to T.U. Can have 2 pets; large pets welcome. 2 great enclosures for pets to run free in!! Quiet complex, lots of young adults and some families, very pet friendly, especially large dogs. Little costly.</p>
<p>Reynold's Realty</p> <p>Rental house</p> <p><i>Highly recommended</i></p>	<p>31st & Harvard</p>	<p>3BR/1BA 1950's home 10-15 min from T.U. down Harvard. \$650/mon-no utilities included. Power: \$50-\$100; Gas: \$100-\$150; Water/trash: \$50-70. Large fenced yard, covered parking, central air, hardwoods in main living area. Residential, young couples & older people. Very quiet neighborhood with 1950's house & fenced backyards. Safe, few car/house break-ins (I've had none). Most people have pets. Realtor quick, but reluctant on some repairs. Would highly recommend, but bills are a little high for one person and you must maintain the yard. Great for roommates who want room and space for pets.</p>
<p>Riverchase</p> <p><i>Not recommended</i></p>	<p>81st & Riverside</p>	<p>Not recommended for a few reasons. They have a pretty bad bug problem at the complex; the clientele that live there is not really good; and there has been crime in the complex off and on over the last few months.</p>
<p>Riverside Park</p>	<p>81st & Riverside</p>	<p>1 BR/1 BA \$585/month. Pool, on the river with riverside trail. Pet friendly. Good location. Safe, with few car break-ins that I know of. Quick with repairs. Pretty, park-like complex. Big, open field next to complex that is great for pets. Only complex on the river. Management is easy to deal with, but charges large fees upon move-out. Would recommend overall.</p>
<p>Riverside Park Apartments</p> <p><i>Highly Recommended – pet friendly</i></p>	<p>81st & riverside</p>	<p>2 BR/2 BA apartments. Rent approx. \$750. Pet rent \$15/mo. \$300 down payment (\$150 refundable). Safe (across the street from police station). Good location with stores all nearby. Relatively easy access to highways. Relatively quiet, and very spacious. Right on the river with access to the riverside bike/running/walking path. Washer & dryer in unit (somewhat dated, but functional.) Very attentive staff and prompt repairs (though minimal need for this service). Nice pool and small workout area. Full deposit returned upon leaving. I would definitely recommend. I loved living here. I only left the complex to make room for a baby!</p>

Shadow Mountain <i>recommended</i>	6300 S Memorial (condos)	\$675/mo., including condo fees, water and cable; 2 BR, 1.5 bath; 1250 square ft.; full size washer/dryer hookups; courtyard; quiet and wooded, but directly across from the mall, restaurants, bars; pool and clubhouse access. (some safety concerns)
Southwood Apartments <i>recommended quiet</i>	51 st and S. Wheeling	They have 1 & 2 bedroom units. 2 bedroom apts. ran about 450/mo., bills paid, when we bought our house in 1997. The owners seem overly vigilant at times, but they chase away solicitors and anyone who seems suspicious to them. There is a pool and laundry, but no w/d hookups. It is a small complex, but quiet and reasonably secure. Heller Park is a couple of blocks south with a nice walking path and tennis courts.
Sundance Apartments <i>recommended good price</i>	31 st & Riverside	1BR/1BA apartment \$400/mo (T.U. special) no utilities included. Water/trash \$20-\$26; Power: \$20-\$26; Gas: \$20 (based on season). 12-15 min. to T.U. Same amenities as normal apartment ; Secure car entrance door (or fence?) Normally good neighbors. Very safe place, Good repair service. Pets allowed with deposit. Reasonable considering location, condition, and security.
University Apartments <i>not T.U. affiliated Recommended for those needing a cheap apt.</i>	6 th & Birmingham	1BR/1BA apartment 5 min walk to T.U. \$295/mon –including water, trash, and heating. Pets allowed. Right on 6th Street. May not be safer than other places, but neighbors are quite nice. Landlady usually quick and responsive. Would recommend, but only for people looking for a cheap apartment. (no additional amenities, etc.)
University Square Apartments <i>recommended convenient</i>	8 th & College (T.U. apts)	1BR/1BA apartment \$525-\$550/month –water and trash included (no charge for cable or high-speed internet) About \$40 for electric. Located on campus, 2 min walk to Lorton Hall. Convenient; rent deducted from loans, so don't have to write a check each month. Central air, balcony, fireplace, access to pool and laundry room. No pets. Allowed. Large 1BR, reasonable rent.
Village@ Brookside <i>Highly recommended</i>	41 st & Peoria	Brookside is a great area to live in, rent for our one bedroom was \$500 with all bills included, rent for our current two bedroom is \$600 with all bills included, we pay only cable and phone - highly recommend it.
Waterford <i>recommended Very pleased</i>	51 st & Harvard	1BR/1BA apartment. 15-20 min. to T.U. \$479/mon- no utilities included. Electric: \$50, Water: \$20, No gas (all vary per season) Central air, washer and dryer included, lots of storage space, nice balcony, pool, nice pond, grounds well kept, good maintenance staff. Pets allowed with \$300 deposit. I feel safe, haven't had problems with break ins, etc. people at the complex range from college age to older adult, no problems with noise, pretty low key and quiet, many people have pets. Great maintenance staff, workout facility on site opens 24 hours which is nice, free breakfast on Saturdays, I feel safe which was very important to me! I have been very pleased.
Waterford	51 st & Harvard	Several grad students live there. I cannot remember the prices but I know one of my friends is renting from there for about \$550 a month. It's a nice sized apt, neighbors are friendly, quiet at night, and has a pool. 15 mins from school. Also near a lot of stores. Right next to a Reasor's.
Waterstone Apartments Some safety concerns	57 th & Peoria	1 BR/ 1BA apartment, 20 – 25 min to T.U. \$328/mo. (w/ student discount), water paid. Power: \$65-\$120; No Gas. Pool, patio/balcony, up-to-date appliances and cabinetry. Pets w/deposit. On the edge of the ghetto. North of the complex is fine; south of the complex is a little sketchy. Grounds are nicely groomed. Management is quick to respond. The children get kind of loud. Never had any problems other than speeding in the parking lot. The apartments themselves are nice, the grounds are nice, the management is nice, but the neighborhood is not the safest looking place. So, ...
Wellsford Oaks <i>Recommended Just moving in</i>	67 th & Riverside	2BR/2BA apartment 15-20 min from T.U. (8miles). \$739/mo. Gas: \$33-\$90, Water: \$20. Pool, air, dishwasher, fitness center, washer/dryer in unit, cable ready, gated community, big porches, nice kitchen, alarm system ready. Pets allowed with deposit. (less than 100 lbs) Moving here to feel safer. Right next to the trail along Riverside also (walking/running etc.)

<p>Westport on the River recommended</p>	<p>17th & SW Blvd, west of the Arkansas River,</p>	<p>1 BR/1BA apartment. 5-10min to T.U. \$650/mon (no utilities included), Power: \$50-\$100; Water: \$15. Stainless steel appliances, central heat/air, W/D in unit, dishwasher. Very diverse. Some med students. Some families. Some elderly. Nothing much in the immediate area. Lower class neighborhoods nearby. Not really any problems. Very attentive staff. Would recommend. Great views. Easy access to riverfront trail. Good freeway access. Only major drawback is lack of nearby stores and restaurants.</p>
<p>Westport on the River Highly recommended</p>	<p>17th & SW Blvd, west of the Arkansas River, minutes from downtown</p>	<p>About 8 min drive to school - gated community, some feel that the neighborhood outside of the complex is a little "iffy", but I haven't experienced any trouble & feel very safe. The apartments are next to OSU Osteopathic & lots of students live here. I believe there are 4 different floor plans (large 2/2, small 2/2, large 1/1, & junior). The first three floor plans all have W/D (& laundry rooms are on site). Covered parking for additional fee. A large 2/2 (1000+ sq. feet) w/view of Arkansas river is about \$670/mo. (includes water) -- ask about the 6% student discount. Largest workout facility in Tulsa with free aerobic classes! Free coffee, movie rentals, use of the business center, lots of parking, bike use, 3 pools, & lots more. Great view of the Arkansas river, downtown lights, & firework display during 4th of July. 3 pools. The majority of renters are graduate students and older couples. The neighborhood outside of apartment complex is not so good. I love living here. Been here for 4 years. The Westport has recently been renovated. If you decide to live here say I referred you and I (Shantel Fernandez) will be happy to split the referral money (\$250) with you. My car stereo was stolen the first year that I lived here. Since then the Westport has undergone many changes such as an increase in security. I feel very safe here. **Car break-ins are common in all parts of Tulsa**</p>
<p>Westport on the River recommended</p>	<p>Inspection of I-75 & Hwy 51</p>	<p>2BR/2BA with largest floor plan; 10 min to T.U. \$665/mon; Electric: \$75, Water: \$20. Washer & dryer included in all but smallest floor plan, very nice onsite fitness center, central heat and air. Large student population, lots of med students b/c it is next to OSU med school. Fenced community, questionable neighborhood, but I have had no problems. Maintenance people are good, ask about student discount, I get \$500 referral discount so if you decide to live here give me a call and we can split the \$500 Amy Williams 918-599-0387. I live in their largest floor plan, smaller apartments rent for about \$400 and up.</p>

4. The University of Tulsa (TU)

4.1 Map of TU

You will find a map of TU included with this handbook. The buildings you will need to become most familiar with are 23 (Lorton Hall – home of the psychology dept.), 3 (Allen Chapman Student Union, formerly known as ACAC), 27 (McClure Hall –business office) & 28 (McFarlin Library).

You may also download the campus map at <http://utulsa.edu/maps/> - select “Campus (PDF).”

4.2 Registration

You should be receiving information from the department concerning the classes you should enroll in for the fall semester. Most students tend to feel somewhat anxious about the registration process. Although we would advise you to try to register before classes begin, please do not spend a great deal of time worrying about registering for classes. If you have any questions about registration you can go to the Graduate School (located in Lorton Hall on the first level) and anyone there will be happy to help you. You can also ask your mentor, a GRASP officer, faculty, or the department secretaries for assistance.

4.3 Financial Aid

If you need financial assistance, we recommend that you go to the financial aid office as soon as possible to avoid delay. For more information, visit <http://admission.utulsa.edu/financial-aid/>. The Office of Student Financial Services is located in Collins Hall. Phone: (918)631-2526; Fax: (918)631-5105; or email at finaid@utulsa.edu. Their office hours are Monday through Friday 8 a.m. to 5 p.m.

For information regarding research assistantships, see <http://graduate.utulsa.edu/financial-assistance/assistantshipsfellowships/>

4.4 Parking & ID's

4.4.1 Parking

The parking rules and regulations may be found at <http://utulsa.edu/offices/parking/>. Parking stickers are valid for one year. Parking registration will be available online at times specified on the parking website (<https://utulsa.t2hosted.com/>), or you can obtain parking stickers at the beginning of the year in the ID/Parking office in Twin Towers Hall. You will need your license plate number, your driver's license, and your registration/insurance information.

Parking sticker prices are as follows:

Shuttle lot: \$25.

Resident: \$25. Resident permits will be assigned only to students who live in on-campus housing.

Nonresident, regular: \$100 Nonresidents are those TU faculty, staff, and students who do not reside in on-campus housing.

Nonresident, premium: \$500 Nonresidents are those TU employees and students who do not reside in on-campus housing.

Motorcycle and motorized scooter: \$25. TU employees and students with registered motorcycles, mopeds, or motorized scooters will be eligible to park in any campus parking lot (except premium lots) in the designated motorcycle parking areas.

Available lots for each type of parking sticker can be found at: You may also download the campus map at <http://utulsa.edu/maps/> - select "Parking (PDF)."

4.4.2 Student ID's

Student ID's can also be obtained at Fisher Hall (Building #44 on your map). You will need these ID cards for the libraries, computer labs, athletic facilities, and other school related functions (e.g., intramural sports, etc.). You can also set up Golden Hurricane account that is drawn from your ID card (to be used on things such as meals at the cafeterias, vending machines, and copies at the library).

4.5 Bookstore

The TU Bookstore is located on the south-east corner of 11th Street and Harvard Avenue, right across from campus. Graduate students often buy their books online to save money – ask around for tips. You can access the Efollett online bookstore at: <http://www.bkstr.com/tulsastore/home> (The prices for textbooks on this website are excellent.) Also keep in mind that class readings often come from journal articles, many of which are provided on Harvey for each course or can be found online. Expect to spend time printing copies. Paper and printing is free in the McFarlin Library (which offers double-sided printing) and other computer labs on campus; however, the University only offers us 1000 pages of free printing each semester (fall, spring and summer), an important limitation to keep in mind. If you run out of your 1000 page limit in a given semester, you can purchase more pages at \$10.00 per 100 pages.

There are many computer labs throughout campus, but those in Helmerich Hall are off limits to non-business students – it is best to use the library computers. Our Graduate Student Lounge has a printer as well, if you are in need of a quick print that requires little paper.

4.6 Libraries

There are two libraries available to students – The McFarlin Library (main library) and the Law Library. There is also a copy center (TU Copy) that will also make microfiche and microfilm copies for 20 cents, which is expensive, but it will save you a lot of time. For more information you can visit: <http://utulsa.edu/mcfarlin-library/> or http://utulsa.libguides.com/library_homepage. You may print on library computers for free, however there is a limit of 1000 pages per student per semester. Most professors try to provide resources on pdf, as they may be printed at the library for no cost.

4.7 Computer/Technology related items

4.7.1 TU Portal

Students now have access to the TU Portal. This is a one-stop-shop for many of your needs as a student, as it integrates many resources into one location. To access the portal, visit: <https://portal.utulsa.edu/> Enter your TU log-in and password when prompted. At the home screen, you will see your TU Account information, including your student ID, email, department, title, office location, and work phone. Here, you can also change your TU Account password. The portal allows you to view a list of campus announcements and a campus events calendar. It provides you with links to your email accounts, and WebAdvisor (described below). Further, it allows you to easily view and pay your student account bill, and pay online. It has links to numerous useful campus resources, including the McFarlin Library, the People directory and the Undergraduate and Graduate Bulletins. Graduate students will receive updates about additional features of the portal as that information is received.

For help with the TU Portal, visit: <https://portal.utulsa.edu/sites/portalhelp/> or contact IT services (contact information below – 4.7.5).

4.7.2 Email Accounts

As a TU student, you will have a TU email account. This account can be accessed through the www.utulsa.edu website by clicking the “INFO FOR” in the upper right hand corner, then the “Current Students,” then email (Gmail) link under “ONLINE SERVICES.” Alternatively, you can type in gmail.utulsa.edu into your web browser to access your Gmail account directly. You can also access your Gmail if you are logged in to your TU portal (the link is on the right under ‘Campus Connections’).

4.7.3 Web Advisor

TU students can check the TU schedule of courses, their class schedules, their grades, and their financial profiles by using Web Advisor at [https://webadvisor.utulsa.edu/](https://webadvisor.utulsa.edu). You can also easily access Web Advisor if you are logged into your TU portal by clicking on the ‘WEBADVISOR FOR STUDENTS’ under the Self-Service Menu.

4.7.4 Computer Labs

TU students can use the computer lab at McFarlin Library (plaza level). Printing documents is free (1000 pg/semester limit) (you don’t need to bring paper either!)

4.7.5 IT Desk

If you have any other questions concerning computers or email accounts, etc., you can contact the IT Desk at <http://utulsa.edu/offices/information-technology/>, call them at 631-3500, or email help@utulsa.edu. Keep in mind that they typically will not assist with your personal computer or provide technical support not related to TU systems.

For more information see the University of Tulsa homepage at www.utulsa.edu

5. The Department of Psychology at TU

We will give you a brief overview of the programs and important information that we feel is not addressed through other venues. You will be receiving detailed information regarding the programs from the directors (either in the mail or upon arrival and commencement of fall classes). As stated earlier, please keep in mind that information presented here is merely intended to provide helpful suggestions – it is by no means meant to replace or supersede information provided in official TU Department of Psychology correspondence. Also see <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/>, especially for important news and documents such as your program balance sheet and handbook. Make sure to attend the orientation for graduate psychology students scheduled for Friday, August 21, 2015 at 9AM in Lorton Hall Room 207.

5.1 Clinical Psychology Program

The Master's Program

The Master's program is a 45-credit-hour degree program that is designed to allow

students to develop basic clinical skills that can be applied in a variety of agency settings. Most of the program is prescribed, although there is flexibility in the selection of some courses and choice of practicum placements. Master's students are required to complete clinical core courses, 15 credit hours distributed across five knowledge areas in a general psychology core, elective courses, and at least two semesters of practicum (i.e., 6 credit hours). Students may begin practicum in their third semester. See <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/> for more information.

The Doctoral Program

The Ph.D. program in clinical psychology is APA accredited and requires a minimum of 90 semester hours beyond the baccalaureate degree. Students in the doctoral program complete the department's general psychology core, the clinical core, and other requirements of doctoral students in the department (the pre-candidacy research paper, comprehensive exams, dissertation and internship). Students are required to engage in clinical practica throughout their time in the program, beginning in their third semester. A year-long clinical internship is typically the last stage of the program. The opportunity exists for students to take additional elective courses both in and outside the Department of Psychology. See <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/> for more information.

Clinical Faculty

Megan Ballew, Ph.D., *Visiting Professor*
Michael Basso, Ph.D., *Director of Clinical Training (DCT)*

Jamie Rhudy, Ph.D.
Joanna Shadlow, Ph.D.

5.2 Industrial/Organizational Psychology Program

The Master's Program

The M.A. degree program is a 37-credit-hour program designed for both full- and part-time students. It is a flexible program that permits specialization in traditional personnel topics such as selection and performance assessment, organizational development and effectiveness, and the development of research skills for diagnosing organizational problems and evaluating interventions. Students complete 6 hours from the general psychology graduate core curriculum, 6 hours of electives, 9 hours in research methods and statistics, and 16 hours in industrial and organizational psychology and related topics. All M.A. students are also required to complete a 200-hour internship. See <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/> for more information.

The Doctoral Program

The Ph.D. degree program requires a minimum of 90 semester hours beyond the baccalaureate degree. In addition to program elements that are required of all doctoral students (the general psychology core, statistics, research methodology, the pre-candidacy research paper, the comprehensive exams, and the dissertation), students in the I/O program complete a 26-27-hour I/O core. Students can take electives in psychology, business, law, education, and engineering as consistent with their professional goals. Students are also required to complete two, 200-working-hour internships. See <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/> for more information.

I/O Faculty

Robert Tett, Ph.D., *Director of I/O Training*

Bradley Brummel, Ph.D.

David Fisher, Ph.D.

Anupama Narayan, Ph.D.

Jennifer Ragsdale, Ph.D.

5.3 Fall 2015 Courses

Fall 2015 Courses for entering Clinical Psychology graduate students:

PSY 7113	Clinical Assessment: Intellectual – Dr. Basso
PSY 7543	Ethics, Law, and Clinical Practice -- Dr. Cromer
PSY 7283	Statistical Methods for Research II – Dr. Rhudy (This is the basic course for grad students; don't let the "II" confuse you)

Fall 2015 Courses for entering I/O Psychology graduate students:

PSY 7623	Survey of Industrial Psychology – Dr. Ragsdale
PSY 7343	Research Methods in Applied Psychology – Dr. Fisher
PSY 7283	Statistical Methods for Research II - Dr. Rhudy (This is the basic course for grad students; don't let the "II" confuse you)

5.4 Obtaining Keys

As a psychology graduate student, you can obtain keys for the following places:

- ✓ Front door to Lorton Hall (G1)
- ✓ Double doors to Psychology Department & Graduate Mailroom (G66)

You should see the department secretary, Cindy Tissue. She will have you fill out a key card for the campus physical plant. The physical plant will call you when they are ready. You will pick your keys up at the physical plant, but you must have your University of Tulsa ID card with you.

5.5 Student Mailboxes

Each psychology graduate student has a mailbox in the graduate student mailroom on the third floor of Lorton Hall. Please check your mailbox frequently for important information from faculty and GRASP.

5.6 For more information

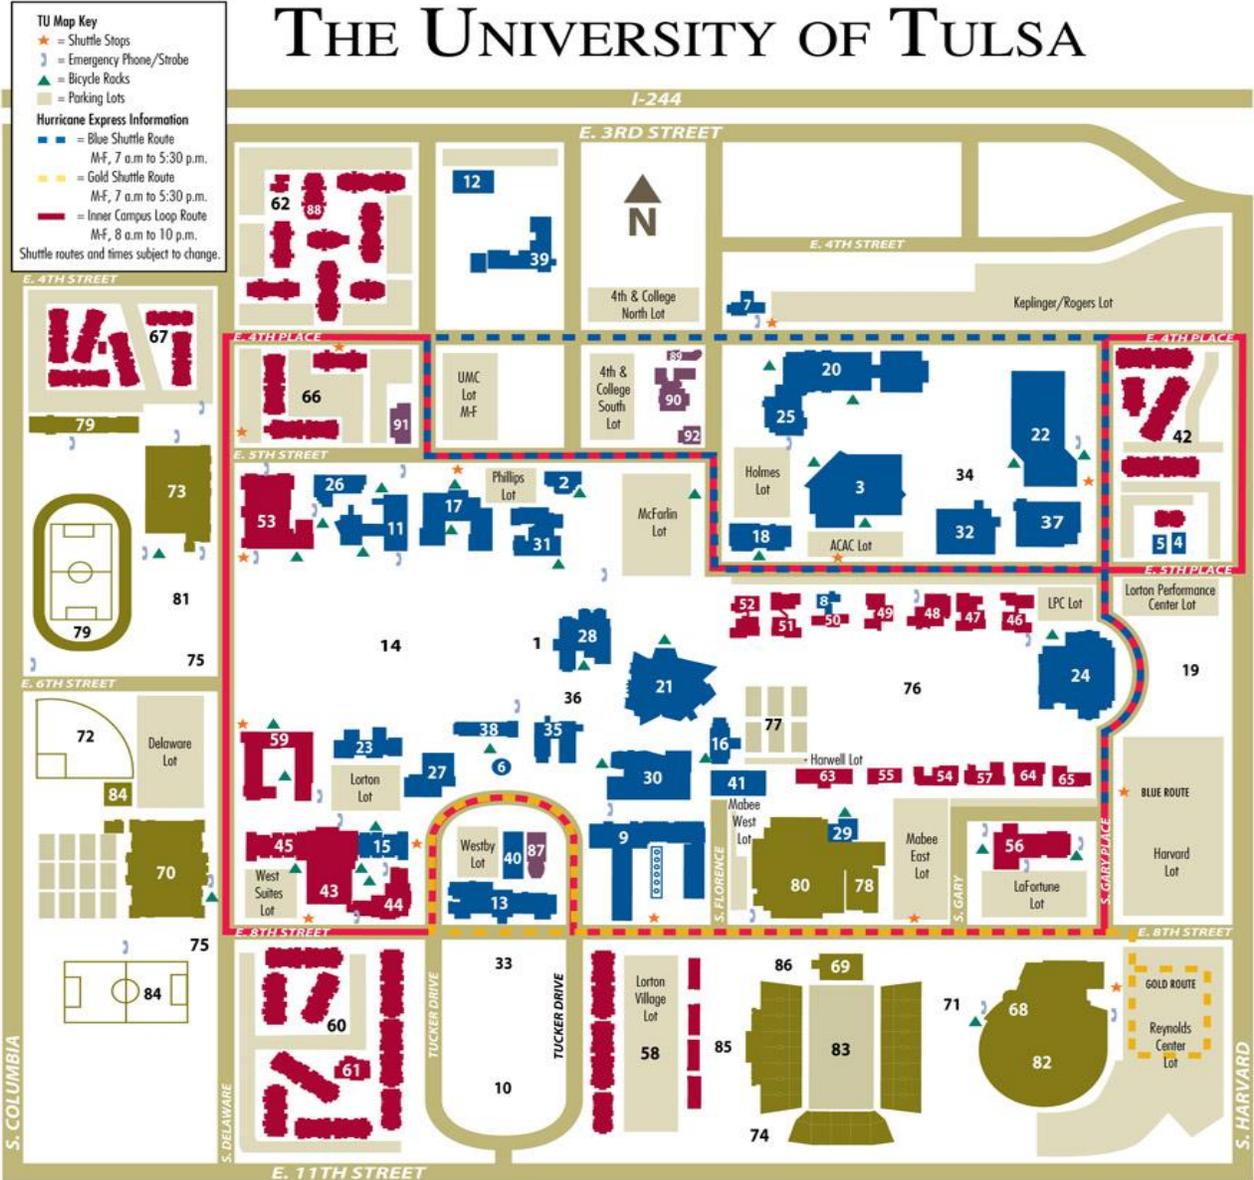

For more information see the Department of Psychology homepage at <http://artsandsciences.utulsa.edu/academics/departments-schools/psychology/> or call the department secretary, Cindy Tissue (918 631-2248).
