Instructions for Applying for TITAN Conference Funds

To apply for conference funding for TITAN projects, you will need to complete the application for the Student Research Grant Program through the Office of Research and Sponsored Programs. To complete the application, you will need to get the required signatures (TITAN Executive Director, Dr. McNulty's, and the Dean's). You will also need a letter of recommendation written by your research direct supervisor on the study. In this letter, your faculty supervisor should indicate that the presentation is the result of a TITAN project. You should also include your invitation to make a presentation at the conference with your application materials. Turn in all application materials to Debra Owen in the Office of Research and Sponsored Programs (McClure, 2nd Floor) and clearly indicate that the project is from TITAN.

The first link below takes you to the Program guidelines; the second link is the application. You can call Debra Owen [918-631-2714] or email her [debra-owen@utulsa.edu] for any questions.
